Environment

Installation

Link Lock

- Please Note:**
- As illustrated, some USB ports may be physically incompatible and the Link Lock will not lock into the port.

- Please Note:**
- If the USB plug is too large to the Cable Cover, Link Lock may be used without the Cable Cover.
 - When used without Cable Cover, USB device can be removed from Link Lock but cannot be reinserted without releasing the Lock Button with the lock key.

Uninstall (Removal)

Link Lock

- Please Note:**
- Unlike USB Port Lock, the Lock Button on the Link Lock does not fully put out. Putting too much force when pulling the lock button out will cause damage.

1 Insert the lock key completely into the key slot.

2 Slide the button backward to engage the lock for removal and pull out the lock key.

3 Slide the button forward to release the Link Lock from the lock key. Remove USB device, Cable Cover, and Link Lock.
