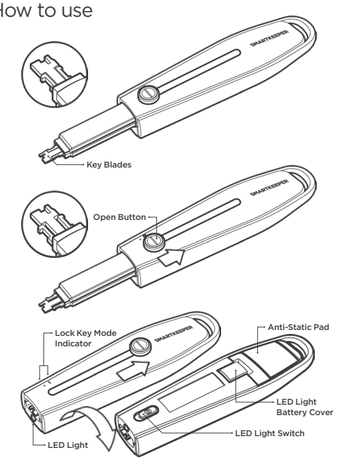
Universal Lock Key 3 How to use

① **Insert Mode:**
Slide the button completely forward and insert/release the key into the lock.

② **Retrieval Mode:**
Slide the button backward to engage the lock for removal and pull out the key.

③ **Storage Mode:**
(When don't use) To protect the key header, Slide the button completely backward.



⚠ Caution

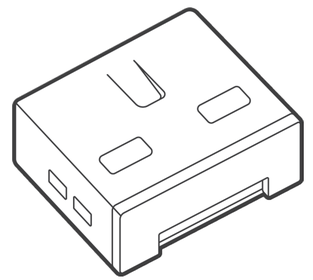
- Make sure that the key is carefully and fully engaged before removing lock.
- Be careful of sharp key blades. (Put the key blades into storage mode not in use.)

? Note

- The manufacturer or vendor is not responsible for any inability to check the serial number.

USB Port Lock

User Guide



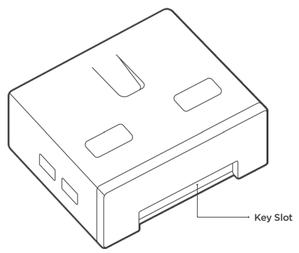
SMARTKEEPER PROFESSIONAL

USB Port Lock

This is a physical cybersecurity device that prevents unauthorized connection to an unused USB port.

Environment

USB Type A Port

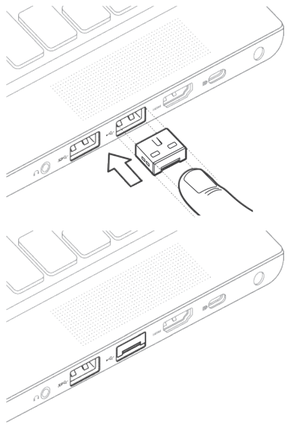


Specification

USB Port Lock	**Width x Height x Length(Depth):** 12.3 x 4.6 x 10mm(0.48 x 0.18 x 0.39in) **Weight:** 1g(0.04oz)

Installation

USB Port Lock



① Insert the USB Port Lock by pressing inward with your fingers.

② Installation complete.

⚠ Please Note:

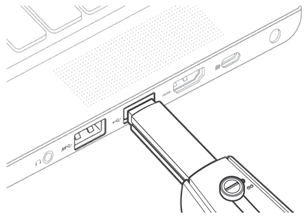
- The USB Port Lock is designed to work with ports that follow USB port manufacturing standards. Some products in the marketplace may have USB ports that do not follow the manufacturing standard exactly. If a port lock is hard to insert, forcing it to fit may cause damage to the port.

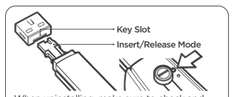
Uninstall (Removal)

USB Port Lock

⚠ Please Note:

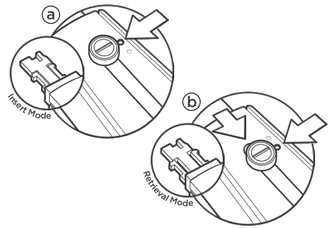
- During removal, if the lock catches on the surrounding frame, apply gentle pressure in the opposite direction as you pull it out.



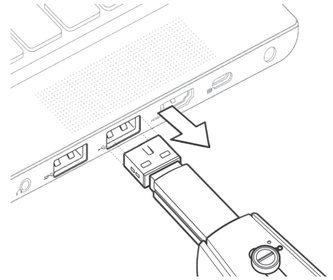


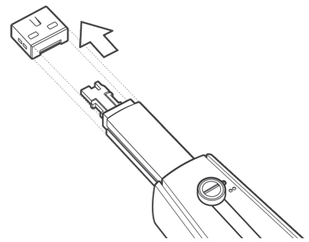
When uninstalling, make sure to check and match the direction of the key slot and key as shown. If the insertion direction is not correct, it will not work.

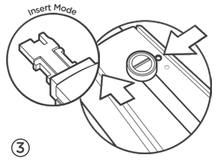
① Insert the key completely into the key slot.



② Slide the button backward ⓑ to engage the lock for removal and pull out the key.







③ Slide the button forward to release the lock from the key.
